Participation in Research for Affected Adults/Affected Minors
Sanford Research

Protocol Title: Coordination of Rare Diseases at Sanford (CoRDS)
Investigator: Benjamin Forred
Department: Sanford Children’s Health Research Center

Instructions: If you have previously completed a CoRDS Informed Consent Form, please read carefully as the terms may have changed.

The current Informed Consent Form and Assent Form are available on the CoRDS website (http://www.sanfordresearch.org/cords/), online within the online portal, and via mail, email, or telephone per participant request. CoRDS encourages participants to review the Informed Consent Form and Assent Form regularly for any revisions. It is your responsibility to ensure you have read the current Informed Consent Form and Assent Form.

What is the purpose of this study?
The purpose of the Coordination of Rare Diseases at Sanford (CoRDS) is to establish an international rare disease patient registry. CoRDS’ goal is to collect and provide a valuable resource of information, and to accelerate patient recruitment into research studies and clinical trials.

Who can participate?
Any individual with a rare, uncommon, or undiagnosed disease, as well as those who are unaffected carriers are welcome to enroll in the CoRDS Registry. A parent or guardian may enroll a child who is under the age of 18. A Legally Authorized Representative (LAR) may enroll an adult over the age of 18 who is unable to consent.

What will happen in this study?
If you choose to enroll, you will be asked to complete a brief questionnaire(s). The questionnaire(s) requests your basic contact, socio-demographic, and health information, as well as your communication and research preferences. This information will be saved under a unique coded identifier. CoRDS will send a reminder if your questionnaire has not been completed, and will send an annual reminder to update your information or confirm that it is up to date.

Is this study voluntary?
Participation in CoRDS is voluntary. You are free to withdraw at any time, for any reason. To withdraw, please contact CoRDS by mail or email and select one of the following options.

1. Leave identifiable information in CoRDS, but do not contact me again;
2. Remove identifiable information and leave de-identified information in CoRDS;
3. Remove all information from CoRDS.

Informed Consent Form vB5.0
Approved by Sanford IRB 08-03-2017.
You will have 30 days to decide what you wish to do with your data. CoRDS will contact you to confirm that your data has been modified/deleted according to your wishes. If CoRDS does not hear from you within 30 days, your identifiable information will be removed and data will be stored in the registry indefinitely.

**What are the benefits of this study?**

There are no direct benefits to participating in CoRDS but the data you contribute may help advance research for rare diseases which would benefit a wider population. By participating in CoRDS you may be contacted about research opportunities you qualify for, and can decide at that time if you would like to participate, however CoRDS cannot guarantee that a researcher will request to contact you.

**Is the information kept confidential? What are the risks of participation?**

CoRDS will make every effort to keep all information gathered in the registry confidential, but this cannot be guaranteed. There is a minimal risk associated with the loss of confidentiality.

**How will my information be accessed? Can I choose how my information is shared?**

On the questionnaire(s), you can choose how you would like CoRDS to share your information. Information in CoRDS may be accessed in the following ways:

1. Researchers may access de-identified information if they have obtained approval from their Institutional Review Board (or equivalent approval in their country) and the CoRDS Scientific Review Committee. If you enter a disease-specific registry for a Patient Advocacy Group (PAG), that PAG may ask to be involved in the review process. If a researcher wishes to notify you about a research opportunity, CoRDS Personnel will contact you on their behalf. There is no obligation to participate – it is always up to you to contact the researcher.
2. A subset of de-identified information may be shared with certain other databases in order to avoid a duplication of efforts and to increase knowledge and understanding of rare diseases.
3. Patient Advocacy Groups (PAGs) representing individuals with rare or uncommon diseases may have access to information that may or may not be identifiable for non-research purposes. These PAGs have signed a contract stating they will not use the information for research purposes.

**Who should I contact if I have questions?**

- For general questions about CoRDS or enrollment: call (877) 658-9192 or email cords@sanfordhealth.org
- If you feel you have been harmed: Benjamin Forred, (605) 312-6416 If you have questions about your rights as a research participant: Sanford Health Institutional Review Board (IRB), (605) 312-6430

Approved by Sanford IRB 08-03-2017.

Approved by Sanford IRB 05-10-2019.
Instructions

Thank you for taking the time to enroll with the CoRDS Registry. This questionnaire:
- Takes 10 - 20 minutes to complete
- Will refer to the person with the rare or unknown diagnosis as “the participant”
- Can be updated at any time by logging in to the CoRDS online portal or by contacting CoRDS personnel

CoRDS personnel will contact you annually to update your questionnaire.

If you have any questions while completing this form, please contact CoRDS at (877) 658 – 9192 during business hours, 8:30am-5:00pm (CST) Monday through Friday. If you need assistance after business hours, please leave a message or email cords@sanfordhealth.org.

*For accurate data curation, please remember to write legibly. Thank you.

1. Today's Date (MM/DD/YYYY):

2. Who is completing this questionnaire?
   - ☐ I am enrolling myself (You must be over the age of 18 to provide information for the registry)
   - ☐ I am enrolling my child (You must be the participant’s parent or legal guardian to provide information for the registry)
   - ☐ I am enrolling an adult who is not cognitively able to enroll (You must be the participant’s legally authorized representative (LAR) to provide information for the registry)

Permissions & Data Sharing

By participating in CoRDS, your de-identified information will be shared with researchers who access the CoRDS Registry. Below are options that allow you to share your data with other entities. In the following questions, please select how you want your data shared. Please complete this section before moving on.

3. I give permission to CoRDS to contact me about participating in future research studies:
   - ☐ Yes
   - ☐ No
   - ☐ Don’t Know

4. I give permission to CoRDS to contact me about donating a sample of blood, tissue, or other biospecimen for research in the future:
   - ☐ Yes
   - ☐ No
   - ☐ Don’t Know

5. I give permission to CoRDS to provide a subset of de-identified information to other databases collecting information on rare diseases in order to avoid a duplication of efforts and to increase knowledge:
   - ☐ Yes
   - ☐ No

## Clinical Research Participation & Biospecimens

### 77. Has the participant *previously participated in any clinical trials* related to their rare disease?
- ☐ Yes
- ☐ No
- ☐ Don’t know

### 78. Does the participant *currently participate in any clinical trials* related to their rare disease?
- ☐ Yes
- ☐ No
- ☐ Don’t know

### 79. Has the participant *previously donated a sample of blood, tissue, or other biospecimen for research?*
- ☐ Yes
- ☐ No
- ☐ Don’t know

### 80. If Yes:
- **Type of biospecimen:**
  - ☐ Blood
  - ☐ Other bodily fluid
  - ☐ Saliva/Cheek Swab
  - ☐ Tissue
  - ☐ Urine
  - ☐ Unknown

### 81. Location of biospecimen donation:
- ☐ Check here if location unknown

Instructions
Thank you for taking the time to enroll with the CoRDS/Hypersomnia Registry. This module will ask you questions specific to your diagnosis. The questions below were developed in partnership with the Hypersomnia Foundation. Please note, this module:

- Takes approximately 1 hour to complete
- Will refer to the person with the diagnosis as “the participant”
- References the participant’s genetic report
- Can be updated at any time by logging into the CoRDS online portal or by contacting CoRDS personnel

If you have any questions while completing this form, please contact CoRDS at (877) 658-9192 during business hours, 8:30 am-5:00 pm (Central Time) Monday through Friday. If you need assistance after business hours, please leave a message or email cords@sanfordhealth.org.

Permissions & Data Sharing
I give permission to CoRDS to provide the participant’s information that may or may not be identifiable to the following Patient Advocacy Group (PAG) for non-research purposes.

- Hypersomnia Foundation
- I do not give my permission

SLEEP DURATION & FREQUENCY

1. When (date OR at what age) did the participant first start feeling as if they were excessively sleepy or needed more sleep than most people?

| Date: | Age: __________ |

2. When (date OR at what age) did the participant (or their parent(s)/guardian(s)/LAR) first seek help for their excessive sleepiness or need for sleep?

| Date: | Age: __________ |

3. What is the longest the participant has ever slept at one time while TAKING MEDICATION for their excessive sleepiness or need for sleep (please round to the nearest hour)?

| ________________ Hours |

4. What is the longest the participant has ever slept at one time while NOT TAKING MEDICATION for their excessive sleepiness or need for sleep (please round to the nearest hour)?

| | |
5. How often does the participant have difficulty waking up for the day? Please select ONE response.

- ☐ Never
- ☐ 1-2 times a week
- ☐ Less than once a month
- ☐ 3-4 times a week
- ☐ Daily or almost daily
- ☐ Less than once a week
- ☐ 3-4 times a week
- ☐ Daily or almost daily

6. How often does the participant usually feel rested after waking up for the day? Please select ONE response.

- ☐ Daily or almost daily
- ☐ 1-3 times a month
- ☐ 3-4 times a week
- ☐ Less than once a month
- ☐ 1-2 times a week
- ☐ Never

7. How long does a typical nap last for the participant (hours and/or minutes)?

- Hours: __________
- Minutes: __________

8. After a nap, how does the participant typically feel? Please select ONE response.

- ☐ Not refreshed
- ☐ Refreshed
- ☐ Somewhat refreshed

---

**SLEEP SYMPTOMS**

When answering questions 9 and 10, please think back to when the participant’s symptoms WERE THE WORST they have ever been.

9. Was the participant taking medication to treat their excessive sleepiness or need for sleep when the symptoms were the worst they have ever been?

- ☐ Yes
- ☐ No

10. When the SYMPTOMS WERE THE WORST they have ever been, how often did the participant experience each of these symptoms? Please select ONLY ONE response for each row.
