

# Idiopathic Hypersomnia Financial Assistance Program

Apply online at [tafcares.org](https://tafcares.org), or call (855) 369-2728

## WHAT IS COVERED?

The Assistance Fund's (TAF's) [Idiopathic Hypersomnia Financial Assistance Program](#) provides eligible individuals with coverage for out-of-pocket expenses related to idiopathic hypersomnia. Covered expenses include prescription drug assistance (copays, deductibles, and coinsurance) on FDA-approved treatment, health insurance premiums, therapy administration costs, and treatment-related ground travel costs. There is no cap on the amount of assistance a patient receives in a calendar year after they are approved and enrolled in a TAF disease program.

## NO CAPS; YEAR-ROUND COVERAGE

We carefully review and allocate our funds to ensure that no patient loses coverage during the year. Once patients enroll in a disease program, their coverage lasts the entire calendar year. Since 2009, The Assistance Fund has provided patients with more than \$2 billion in assistance.

## WHO IS ELIGIBLE FOR ASSISTANCE?

U.S. residents who have been diagnosed with idiopathic hypersomnia may apply for financial assistance for out-of-pocket costs for prescribed FDA-approved treatment, such as copays, deductibles, and coinsurance. TAF will verify the applicant's financial need and that they are not receiving copay assistance from another 501(c)(3) organization.

## HOW CAN PATIENTS APPLY FOR ASSISTANCE?

To determine eligibility for financial assistance, patients should complete an application at [tafcares.org](https://tafcares.org) or call (855) 369-2728 to speak with a Patient Advocate. Our best-in-class Patient Advocates handled nearly 100,000 calls last year.

## WHAT DOCUMENTATION IS REQUIRED?

Applicants will be asked to verify demographic, insurance, and financial information.

"I could never have gotten through this far without TAF's help. I am forever grateful."

- Richard

## ABOUT THE ASSISTANCE FUND

The Assistance Fund is an independent charitable patient assistance organization that helps patients and families facing high medical out-of-pocket costs by providing financial assistance for their copayments, coinsurance, deductibles, and other health-related expenses. We currently manage nearly 100 disease programs, each of which covers all FDA-approved medications that treat a specific disease named in the disease program. Since our founding in 2009, The Assistance Fund has helped over 210,000 children and adults access the treatment they need to stay healthy or manage a life-changing disease.
